online training

There are approximately 600,000 non-fatal workplace accidents in Britain each year according to the HSE. This e-learning will help equip workers with an awareness of how to work safely and minimise the risk of harm. It also covers the content and knowledge required to go on to achieve a recognised level 1 health and safety qualification with a recognised training provider.

Areas covered

- Accidents including slips, trips and falls
- Legal responsibilities
- Hazardous substances (COSHH)
- Workplace health, safety and welfare
- Work equipment
- Fire
- First aid
- Manual handling

Who is it aimed at?

Ideal for employee inductions, or anyone working within a low-risk environment. The course can also be used as part of the on-programme element of the new apprenticeship standards, supporting the knowledge, skills and behaviours apprentices need to effectively integrate into the workplace.
